

Dear To Whom It May Concern,

The radio station K-LOVE sent out letters stating that you want to replace FM stations with LPFM. I don't understand the whole concept but I do understand losing K-LOVE. It comes to me on 88.1 FM. It is a christian programming listener supported radio station. I can tell you I only listen to this station. I will not listen to anything else. Losing this radio station will upset me very much. There are enough country music stations, rap, pop, rock, sport, talk stations out there that losing K-LOVE would be devastating. If K-LOVE would be replaced by these new stations, I will not listen to radio at all!!!!!!!!!!!! I think other K-LOVE listeners in the area will feel the same. K-LOVE serves this community with a choice. We choose to listen to christian programming with no commercials, simply because it's a joy. There is enough anger and hatred in this country and with K-LOVE I can listen to music and programming that fills me with happiness and joy. If it goes off the air and I can't listen to any christian programming, I won't listen to radio at all!!!!

Sincerely,
Janet Arbaugh
K-LOVE listener
